#### Introduction

We have reviewed the accompanying condensed interim statement of financial position of Alliance Insurance (PSC) (the "Company") as at March 31, 2016 and the related condensed interim income statement, condensed interim statement of comprehensive income, condensed interim statement of changes in equity, and condensed interim statement of cash flows for the three months period then ended and related explanatory notes. Management is responsible for the preparation and fair presentation of these condensed interim financial statements in accordance with International Accounting Standard 34 ("IAS 34") "Interim Financial Reporting". Our responsibility is to express a conclusion on these condensed interim financial statements based on our review.

#### Scope of Review

We conducted our review in accordance with the International Standard on Review Engagements 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity". A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

#### Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying condensed interim financial statements are not prepared, in all material respects, in accordance with IAS 34.
